

A - Z

It all began last August
When we learned the letter A.
B C D E F and G
Were the next in line that day.

The next week we learned H
I J K L M and N.
My head was spinning letters
Like the *Wheel of Fortune* man.

Then came O P Q R S
T U V, you see,
Then the last of our great script
W X Y and Z.

Now all I need to do is group
The letters one by one.
C-A-T spells cat, I know.
I'm reading! This if fun!
